Awaken the Writer Within

'You know the feeling. You have an idea that just might work. It begins to take shape in your mind. Excitement grows. You pick up your pen or sit down at your keyboard and you freeze. Or you begin, and hours later you are still re-writing the same few sentences and the energy has gone. Why? Could it be fear of *'getting it wrong'*? Remember how freely you created as a child; how you sang, danced, painted, created amazing stories and fantasy worlds to play with your friends – all for sheer enjoyment, with no anxieties about being good *'enough'*. Close your eyes for a moment and remember how your creativity flowed.'
